IMPORTANT.

Life Governors, Governors, Medical Practitioners, and friends of Patients are earnestly begged not to send Cases (except serious and sudden accidents) to this Hospital WITHOUT HAVING FIRST OBTAINED THE SANCTION OF THE HOSPITAL AUTHORITIES.

The first step towards this must be to procure and duly fill up a Governor's Letter of Recommendation, and send it to the Secretary or Matron. The earliest possible day will then be fixed, if the Medical Officers consider the case a suitable one, for the Patient's admission.

THE SECRETARY.

By order of the Committee,

NOTICE.

The New Motor Ambulance recently purchased by this Hospital equipped with the latest and best appliances for the conveyance and removal of Cases, can be hired for the conveyance of Private Cases

GENERAL REPORT

For Twelve Months ending 30th November, 1927.

During the year 360 Patients have been admitted, viz.:— 153 from Radnorshire, 83 from Glamorganshire, 26 from Carmarthenshire, 25 from Shropshire, 18 from Breconshire, 9 from Herefordshire, 4 from Montgomeryshire, 5 from Pembrokeshire, 3 from Denbighshire, 3 from Staffordshire, 3 from Lancashire, 3 from Monmouthshire, 3 from Northamptonshire, and 22 from other Counties. This shows a decrease of 38 in the number of Patients admitted in the previous year. The nature of the above Cases, and the result of their treatment at the Hospital will be best seen by a reference to the Medical Report which follows. The average daily number of Cases has been 23.78 as compared with 19.58, 15.97, 18.94, 24.78, 26.32 and 25.73 in the six previous years. The average stay of each Patient has been 24.11 days, as compared with 22.65, 22.17, 21.94, 24.58, 25.35, and 23.6 in the six previous years. The average cost for the year of each Bed, including every item of expenditure has been £88 13s. 11d., as compared with £90 18s. 4d., £90 14s. 3d., £77 4s. 4d., £80 1s. 9½d., £83 7s. 5d., and £89 16s. 9d. in the six previous years. The cost per occupied Bed for the year amounts to £137 10s. 0d. The number of Letters of Recommendation issued amounted to 699; of these 431 have been used.

The General Account this year shows a decrease of £267 18s. 7d. in the amount of total receipts for the previous year. Doubtless this falling off in the collections and voluntary contributions is attributable to some extent to the general business depression. The Committee urge that every effort should be made by supporters of the Institution during the coming year to raise the amount of collections and voluntary contributions from all sources to the level of last year at least. Unless the income of the Institution is increased it may be impossible to keep open all the Beds now available, and the Committee urgently appeal for increased subscriptions and support in order to avert that course.

The shortage of accommodation for the Nursing Staff has again caused grave inconvenience, and at one period during the year Nurses had to be accommodated in one of the smaller Wards. The Committee are of opinion that the accommodation for the Nursing Staff should be improved and increased. There is no Porter or male attendant in the Institution or within call at night time, and it is considered that some provision should be made whereby one of the Porters could be summoned in case of emergency during the night. It has been decided that the best scheme for providing extra accommodation for the Nursing Staff and the assistance of a Porter in cases of emergency will be to build in the grounds of the Hospital a Porter's Lodge with accom-

modation for a Porter and his Wife and extra sleeping accommodation for the Nursing Staff, and the Committee recommend that during the coming year steps should be taken to carry out this scheme.

The outside of the Hospital has been painted this year at a cost of £75, and this sum has been met by drawing upon the Income Accumulations Account. A further substantial expenditure for Painting the interior of the Hospital will soon be necessary.

The Committee record with deep regret the death of the late Sir Francis Edwards, Bart., of The Cottage, Knighton, who was a member of the Committee, and took the deepest interest in the management and welfare of the Institution. The late Sir Francis Edwards has always generously supported the Hospital, and in 1921 endowed The Lady Edwards Ward in memory of the late Lady Edwards.

During the year the Institution has also lost another kind supporter in the late Sir John T. D. Llewelyn, Bart., of Penllergaer, Swansea, who was a Life Governor of the Institution and a generous Donor to the Hospital and the funds of the War Memorial.

A Child's Cot, to be called "The Frances May Hamilton Cot," has been endowed by Mrs. Eveline L. Hamilton, of Hawford, Llandrindod Wells, by a gift of £500 in memory of her Daughter, the late Miss Frances May Hamilton.

Under the Will of the late Mr. Amos Mantle, of Glen View, Ford Street, Stapleton, the Hospital has received a Legacy of £50.

The Llandrindod Wells Hospital Ball and the Llandrindod Wells Street Collections, etc., in aid of the Hospital have again realised substantial sums, and the Committee desire to express their deep gratitude and thanks to the organisers of these functions for the substantial sums received as a result of their efforts.

The Report of the House Committee has been received and approved, and the thanks of the Committee are due to the Members of the House Committee and the Secretary for their constant attention to the working of the Hospital, and the Committee desire to give expression to their warm appreciation of the work of the Medical and Hospital Staffs.

The Committee wish to convey their thanks to the Subscribers and Donors, to the Clergy and Ministers who have made their Collections in places of Worship, and to the Pump House Hotel Company and to the Llandrindod Wells Urban District Council for their gratuitous supply of Mineral Waters for many years, and to all who by Collections, Concerts, etc., and through Boxes at their Houses, have benefited the Hospital.

MEDICAL REPORT.

Havod Awen,
Norton Terrace.
Llandrindod Wells.
21/12/27.

*To the Chairman and Members of the Committee, Llandrindod
Wells Hospital and County War Memorial.*

Ladies and Gentlemen,

We beg to again submit to you our Medical Report of the Hospital during the year ended 30th November, 1927. The work of the Hospital has gone on with regularity, and from the medical point of view, with great success. During the period under review there were 360 cases admitted, of which 253 were medical cases; a large proportion of these were dealing with Rheumatism and allied diseases. The surgical cases numbered 101, which included many major operations. In the Maternity Ward six cases were treated. Since we have been equipped with Medical Electrical Apparatus, 1704 treatments have been administered, consisting of Ionization, Galvanism, Radiant Heat, Baths, Massage, etc. The proportion of recoveries has been very high, 172 patients were discharged as well, 97 very much improved, 7 showed no improvement, 16 are still under treatment, and there were 9 deaths. The private wards have been well taken advantage of, and during the year, two London surgeons of eminence, who came to operate on private cases, were full of admiration for our building, equipment and nursing.

We again desire to express our sense of indebtedness to the Matron and Nursing Staff for their assistance in the treatment of both medical and surgical cases, and we would like to impress upon the Committee the desirability of having increased accommodation for the Nursing Staff.

Yours faithfully,

JOHN MURRAY.
A. MILLER KERR.
